EVERY TABLE TELLS A STORY. EVERY PATTERN SPARKS AN EMOTION.

Sensory atmospheres arise from details: the tactile softness of the texture, a fleeting light on a fold, a pattern that brings back memories.

With the **new Venus decorations**, the table becomes a visual narrative, a place of welcome, a gesture of care.

The **refined strength of airlaid** meets colour palettes inspired by nature and art – for an experience that captures the senses and lingers in memory.

Each element is crafted to enhance the setting, transforming the table into an expression of personal style and refined taste.
