& FUNCTIONALITY

HYGIENIC PACK, PRACTICAL TRANSPARENCY, REFINED DECORATION.

Elevate the hygiene of your table and the practicality of your service using the new patented Infibra cutlery bags. Their **semi-transparent** paper allows the waitstaff to see the bag's content.

No more cutleries accidentally thrown away while clearing the table.

Avoid useless costs and keep the table always flawless.

Indeed, the **glossy finish** of the bags' paper gives the table a touch of brightness.

- **Hygiene:** cutleries are safe inside the bag,
- **Practicality:** semi-transparent paper allows clear visibility of the cutlery inside, preventing accidental disposal,
- **Reduced unexpected costs:** no more added costs for buying cutleries lost during the service,
- **Respect for the environment:** the bag and napkin inside are made of certified paper,
- Patented solution.

Cutlery bags - **Bon Appetit**
